TA COMMS CATALOGUE

A new revised edition of the above catalogue was issued a week ago to all e-mail GOLD (paper circulars) subscribers. Could you all check the entries affecting you and advise any amendments to the Editor as soon as possible.

Four of the e-mail messages were rejected without an indication of which mailbox did not accept the transmission. If your copy did not arrive please e-mail the Editor who will re-transmit.

Please ensure you have adequate disk quota space. The catalogue is approximately the equivalent of four A4 pages of text.

Arrangements concerning the INTERSPAN gateway are given in the new catalogue. Please note that this replaces the preliminary notes on E-Circular 525. In particular the format quoted for a JANET user to mail someone on GOLD as given on E525 was incorrect. The final part was given as /ADMD=Interspan/C=GB but should have read:

/ADMD=Interspan/C=GB/"

Use of this revised format has proved effective in reaching all the various TELECOM GOLD systems so far tried.

The following additional tests have been completed and entries should be added to the *Alternative Addresses...* section of the catalogue:

Pickard, Roger	JG /DD.DIR=R.D.PICKARD/G=10074/S=MIK3229/ (see gateway instructions)	Hadlow
Collins, Mike	JG /DD.DIR=M.COLLINS/G=10087/S=5001294/ (see gateway instructions)	Sandy
Moore, David	JG /DD.DIR=MOORE.DAVID/G=10074/S=EIM105/ (see gateway instructions)	Eire
Miller, Tony	JG /G=10074/S=MIK2188/ (see gateway instructions)	Gravesend
